On January 12, 2011 that Sheriff's Office received the following information request. The response is in **bold**.

Dear Ms. Nicholson,

On January 3rd the Sheriff's Office posted a Information Request about agency vehicles.

As a follow up to that information that showed the Sheriff's Office fleet breakdown--

Please identify the number and type of NEW vehicles that have been received/purchased by OCSO since 1 November 2010, and identify describe if these new vehicles were purchased via a bid process.

See attached document.

The Sheriff's Office has ordered/purchased four vehicles since November 1, 2010. The new vehicles (3) were purchased using the Florida Sheriff's Association vehicle bid process and awards; please see their web site for complete details on how that process works. (www.flsheriffs.org)

The used vehicle was purchased after receiving three competitive bids for a similar vehicle with similar millage and condition. That vehicle's identifying information has been redacted from the attachment because it will be used for investigative assignments.
