Public Records Request: City of Destin contract information and reports

From: Sky Monteith

On July 14, 2011 the OCSO received the following requests for public records. The agency response is in **bold**.

#1 Mr. Peacock,

First I'll start by introducing myself. I am Sky Monteith a citizen of Destin, Secretary of the Okaloosa County Libertarian Party, an IT tech, recent graduate from the Criminal Justice Academy, and above all a humble servant of our Lord. As you should see from this brief description, I am compelled by my oaths to serve my community and neighbors. So that is why I've accepted this mission to help establish a police department for Destin.

I am forwarding the correspondence I have had with Mr. Bailey the city clerk for Destin. He was unable to answer all of my inquiries in this regard and directed me to you.

Some of the questions he was unable are:

1. The average yearly costs for maintaining the Destin sub-station. If possible a breakdown of costs would be preferable.

**The lease agreement for the Destin Sub-station calls for a max "out of pocket" maintenance costs for the Sheriff's Office of \$1,500 per year.**

2. How many direct contracts between businesses and organizations in Destin does the sheriff's office or any of its deputies have? What is the hourly rate that is charged? How many hours were billed for these services last year? Finally how much goes back to sheriff or his office?

**The agency had approximately 50 secondary employment vendors in Destin during 2010. These vendors were billed for approx. 14,627 hours during 2010 at a per-hour cost of \$28.00. The deputy gets \$25.00 with \$3.00 coming back to the agency to off-set associated costs for fuel and wear and tear on equipment.**

#2 Dear N. Wagner,

I was sent these monthly reports by the city of Destin in order to make a complete proposal for service for the Destin PD. However the pertinent information is encrypted. Could you please send a copy that is in plain text or a word document.

**See attached documents.**

Thank you very much,

Sky Monteith
