Weekend Lane Closures Planned on Lewis Turner Boulevard

Chipley – Work will begin this month to resurface Lewis Turner Boulevard (S.R. 189) from Roberts Boulevard to Eglin Parkway (S.R. 397) in Okaloosa County. Planned improvements include resurfacing the roadway, drainage upgrades, curb and gutter replacement, pedestrian improvements and new signage and pavement markings. The project is slated for completion in late 2012.

In an effort to minimize traffic impacts, routine lane closures will be limited to the 8 p.m. to 5 a.m. timeframe. However, initial paving work is planned for five consecutive weekends beginning Jan. 21 and will require alternating and intermittent lane closures each Friday evening at 8 p.m. through Monday morning at 5 a.m.

Construction activities are weather dependent and may be delayed or re-scheduled in the event of inclement weather.
