## **TWO ARRESTS MADE IN PARKING LOT METH COOK**

Aliceson Irwin

Ray Callin

Okaloosa deputies responding to a call of a man passed out inside a running truck in a business parking lot arrested two people for manufacturing methamphetamine.

Deputies found 30-year old Aliceson Irwin, address unknown, and 40-year old Ray Callin Jr. inside a truck in a pharmacy parking lot at 71 Mary Esther Boulevard around 8 p.m. Tuesday night. Irwin told deputies they had been cooking meth all day inside the vehicle.

A search by deputies revealed an active “shake and bake” pot and remnants of an older one in the truck, along with ingredients used to make methamphetamine, marijuana, and drug paraphernalia.

Irwin and Callin were taken to Fort Walton Beach Medical Center for medical clearance before being transported to the Okaloosa County Jail in Crestview.

Charges against the pair include manufacturing methamphetamine, trafficking in methamphetamine, and possession of marijuana.

[ STATEMENT OF PROBABLE CAUSE / NARRATIVE ]

On Tuesday, August 27, 2013, deputies of the Okaloosa County Sheriff's Office responded to 71 Mary Esther Boulevard, Mary Esther, Okaloosa County, Florida, reference an intoxicated driver complaint.

Once on scene the deputies made contact with the occupants of the vehicle, Ray Callin Jr. (defendant) and Aliceson Irwin (defendant). Callin and Irwin were subsequently detained and advised their Miranda rights. It should be noted that both Callin and Irwin were occupants of a Chevrolet truck bearing Florida registration 456MMR, which is registered to Callin.

Your Affiant arrived on scene and was able to speak with Irwin. During a post Miranda interview Irwin made the following statements:

- Irwin stated Callin is a "meth cook"
- Irwin stated that "they" had been "cooking" methamphetamine "all day" inside the vehicle.
- Irwin stated that an active one pot methamphetamine cook and the remnants of an older one pot methamphetamine cook would be located inside a blue bucket in the interior of the truck.

During a probable cause search of the vehicle based on Irwin's statements and personal observations, the following items which are commonly used during the manufacturing of methamphetamine were located, to include but not limited to:

Rooto lye/drain opener; muriatic acid; ephedrine/pseudoephedrine; lithium batteries; solvents; coffee filters; etc.

Located inside the vehicle were multiple containers which contained liquids. These liquids were field tested utilizing presumptive field test kits which rendered a presumptive positive response for the presence of methamphetamine. The liquids which field tested positive for methamphetamine weighed in excess of 100 grams.

A white powdery substance was located in a glass jar inside the vehicle. This white powder was field tested utilizing a presumptive field test kit which rendered a presumptive positive response for the presence of methamphetamine.

Several items of paraphernalia were located inside the vehicle, to include but not limited to:

Smoking pipes; grinder (field test positive for ephedrine/pseudoephedrine); measuring spoons; straws; etc.

Located inside the vehicle was less than twenty grams of marijuana. This marijuana was field tested utilizing a presumptive field test kit which rendered a presumptive positive response for the presence of THC.
